

Friends and Family Test – February 2019

Thank you to those of you who completed the Friends and Family Survey for us in February. We are delighted with the feedback we received. Out of the 21 patients that completed the survey, 20 (95%) were extremely likely to recommend us to their family and friends. 1 patient (5%) said they unlikely.

Remember you can complete the survey as often as you like as your comments are a reflection on 'todays' experience.
