

Friends and Family Test – November 2018

Thank you to those of you completed the Friends and Family Survey for us in November. We are delighted with the feedback we received. Out of the 27 patients that completed the survey, 21 (78%) were extremely likely to recommend us to their family and friends. 5 (19%) said they were likely to recommend us to their family and friends. 1 patient (3%) said they were extremely unlikely to recommend us to family and friends.

Remember you can complete the survey as often as you like as your comments are a reflection on 'today's' experience.
